PROFILE

Architectural Designer with experience in planning, designing, and developing residential, commercial, and industrial projects. Skilled in creating detailed architectural drawings, 3D models, structural coordination, and project visualization. Proficient in AutoCAD, STAAD.Pro, ETABS, SketchUp, V-Ray, and 3DS Max for design development, structural analysis, and realistic rendering. Strong ability to transform concepts into functional and aesthetically appealing designs while ensuring compliance with industry standards and project requirements. Dedicated to delivering innovative, sustainable, and high-quality architectural solutions.

WORK EXPERIENCE

KIRAN INTERIORS 2025 -2026 - PRESENT

- Worked as a 2D & 3D Designer at Kiran Interiors with 1-Year of experience in creating interior design layouts, detailed drawings, and realistic 3D visualizations. Developed space planning concepts, prepared technical drawings using AutoCAD, and created 3D models and renderings using SketchUp, V-Ray, and 3DS Max. Coordinated with clients and project teams to deliver functional and aesthetically appealing interior design solutions.
